

Sight for Seniors – Federal Election Support Letter

The prevalence of macular degeneration is steadily increasing in Australia. Currently over one million people in Australia have some evidence of macular degeneration, and without effective prevention and treatment measures, over 1.7 million people will be afflicted by 2030. The time to take action is now!

As part of the Sight for Seniors campaign, the Foundation will be writing letters to your sitting MP and federal election candidates on your behalf, to get their support for the campaign. The objectives of the campaign are:

1. No age discrimination in the National Disability Insurance Scheme* for over 65s
2. A fair deal on aids and technology for people with low vision
3. Funding to better support the Foundation's work in macular degeneration

Once you have completed the form below, send it back to the Foundation using the reply paid envelope for donations. Your details will be registered as part of the Sight for Seniors campaign and no personal information will be made available to the public.

"I support the Macular Disease Foundation Australia writing letters to my sitting MP and federal election candidates on my behalf, and I agree to be counted as a supporter of the campaign."
