

Don't let Macular Degeneration take away the centre of your world

MUST DO

Have an eye test and make sure my macula is checked

Call the MD Foundation on 1800 111 709
www.mdfoundation.com.au

Macular Degeneration takes away central vision and is the leading cause of blindness* in Australia. You can have the early signs without knowing. Early detection is vital.

How's your macula?

Our focus is your vision
