

**mEYE World  
Photographic  
Competition**

An initiative of the Macular Disease Foundation Australia

## **Macular disease is Australia's leading cause of blindness and severe vision loss.**

Macular Disease Foundation Australia invites you to enter the 4th annual mEYE World Photographic Competition and in doing so help raise awareness of macular disease including diabetic eye disease and macular degeneration. Simply submit your photograph with a written description explaining how your entry captures 'a sight worth saving'.

**Your unique interpretation is what this is all about – celebrating the world through your eyes.**

**You can have macular disease without knowing.  
An eye test is essential - early detection can save sight.**

## YOU COULD WIN\*
